

Estimated global diversity of mammalian viruses

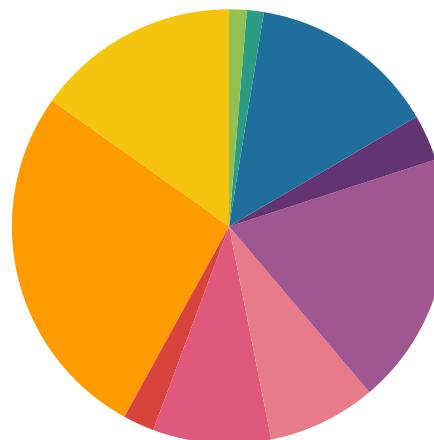

Carroll et al. (2018)

Raw metagenomic samples
uncorrected for host range

This study (2025)

Global estimates broken down
for vertebrate–infective groups

Virus family
Adenoviridae
Astroviridae
Coronaviridae
Orthoherpesviridae
Paramyxoviridae
Parvoviridae
Picornaviridae
Polyomaviridae
Rhabdoviridae
Sedoreoviridae
Picobirnaviridae
